

# THE FOLLOW-UP TO THE MUCH LOVED ORIGINAL ORCHESTRAL ESSENTIALS 2

The Orchestral Essentials series captures the essence of the ProjectSAM experience: an inspiring collection of sounds taken from our extensive, cinematic product catalog. This volume expands your Orchestral Essentials template with brand-new selections from the ProjectSAM catalog, including the Symphobia series, the True Strike series and our other libraries, all re-designed and streamlined to fit the Orchestral Essentials concept.

Orchestral Essentials 2 is released at the unbeatable price of €299/\$399... for everyone! Starting today, Orchestral Essentials 1 is also available at this price.

If you don't own Orchestral Essentials 1 yet, go for the Orchestral Essentials Pack and get up to scoring speed with the killer cinematic orchestral package.
